

Amendments To The Specification

On page 1, kindly amend the title as follows:

~~A ADHESIVE DISPERSING RIVET AND METHOD FOR RIVETING METAL MEMBERS THEREWITH~~

On page 1, immediately following the title kindly insert the following new paragraph.

--This application is a divisional of co-pending United States Patent Application 10/094,073 filed March 8, 2002. Priority to and the benefit of such prior application is hereby claimed and the content of such prior application is incorporated herein by reference in its entirety. --

On page 8, line 3, kindly amend the paragraph commencing at that location in the following manner:

In alternative embodiments, the overlapped region of the sheets 10, 12 into which the rivet 14 is driven may be heated prior to driving the rivet 14 through the sheets 10, 12. As an example, an electric current may be passed through the sheets 10, 12 according to methods such as those disclosed in commonly owned copending application titled "A Method and Apparatus for Riveting Metal Sheets", ~~Attorney Docket No. GP 301666 filed on the same date as the present application and~~ U.S. Serial No. 10/094,128 the teachings of which are fully incorporated herein by reference for all purposes.
